

Let us show you how inconspicuous
a hearing aid can be.

ZENITH
HEARING AIDS

Zenith makes 18 different models. The Zenette, for instance, is so tiny you wear it in the ear. For many people it's all they need to bring the world of sound back into focus. Ask for a free demonstration. And ask about the Zenith After-Purchase Protection Plan.

The Quality goes in before the name goes on.

Let George do it...

(or Tom)

(or Franklin)

Go ahead, pass the buck. Pass just a few bucks from each paycheck as a loan to George and his friends. Your Country needs the help that only you can give by buying U.S. Savings Bonds where you work or bank. And it's such a very easy way to save.

Introduce yourself to George this month for just \$18.75. Then get acquainted with Tom and Franklin. And maybe someday you'll even get to know Theodore. (He's on the \$10,000 Bond.)

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.
