I would have given some useful hints
for the better ordering of the universe.

we drill in **Alaska** we sell in **Atlanta**

Atlanta. That's where we've set up
our first BP gasoline station in the
U.S.

And before long there'll be BP sta-
tions from Maine to Florida. Because
we've just acquired the complete
Sinclair distribution system in the
eastern U.S.

Atlanta is where we have our op-
erations headquarters for the "lower
48," too.

What's it to you? We thought you'd
like to know where we're going. Be-
cause the very same company that's
drilling on the
North Slope of
Alaska is now mar-
keting in Atlanta.
