

ANB Fund Sends Natives To Colleges

The Juneau ANB Education Scholarship Funds are depleted after rendering travel funds for 27 college bound students.

Robert Loescher of the education committee reported students from Pt. Barrow, Kotzebue, and southeastern camps were sent to colleges and universities in Alaska to the east coast and also two \$500 academic merit scholarships were awarded Christine Stitt and Joanne Triggs.

Jim Austin, president of Juneau ANB said the "ANB is committed to assisting Alaskan natives in entering and attending institutions of higher learning. The only charge to the student is that they are responsible for representing the Alaskan native in the highest manner possible and attaining the greatest academic success possible."

Funds are raised from games proceeds.

Our life is frittered away by detail . . . Simplify, simplify.
