

# Nellie Ward of KOTZ Now Manager of Northernmost Radio

America's northernmost radio station has a new manager. Nellie

Ward took charge of K-O-T-Z Radio in Kotzebue recently and became the first woman to hold the position.

Miss Ward has worked at K-O-T-Z for over a year, first as an announcer, later as news di-

rector, and more recently as manager trainee.

She is well-known in Kotzebue and the surrounding villages for her radio programs and news

reports.

Miss Ward succeeds Alex Hills as manager. He will continue with K-O-T-Z as the station engineer.
