I think living in a small village is great for a lot of people because a person has less of a chance of getting lonely...simply because of the continual interaction between friends, family and neighbors.

Working in a village job can be as productive, busy, and satisfying as a city job because there are usually only one or two people in each organization conducting business for the entire village.

—Marilyn Attla, Health aide
Ruby, Alaska

We're Still Banking on Alaska!

The **National Cooperative Bank** has extensive experience in financing Alaskan Native regional and village corporations and other cooperatively-structured businesses. **NCB** offers such financing programs as:

- lines of credit
- equipment leasing
- business planning
- working capital loans
- term loans
- mortgage financing
- investment banking services

We'd like to discuss **your** financing needs.
