COORDINATOR - ENVIRONMENTAL AFFAIRS

CONOCO
A DuPont Company

Conoco's continuing involvement in Alaskan oil development requires a strong emphasis on environmental permitting and reporting. Conoco is now the third crude oil production operator on the North Slope with the commissioning of our Milne Point facilities. We are working on further development of Milne Point as well as other areas, both on and offshore Alaska.

We are looking for an experienced individual who can successfully undertake the entire environmental affairs program for our Alaskan operations. This is a one-person operation, headquartered in our Anchorage office and reporting to the Division Operations Manager. This position will require a highly productive person able to set and meet deadlines; maintain professional and cooperative relationships with regulatory agencies; and work supportively with field, engineering, administrative and headquarters personnel.

Typical duties include:

- securing operational permits
- monitoring permit compliance
- developing and implementing policies for waste disposal
- representing Conoco on industry group committees
- implementing the Environmental Quality Assurance Program
- coordinating wildlife impact studies
- providing environmental training
- preparing environmental emergency response plans
- providing environmental permitting information for new and planned development, lease sales, etc.

This is not a training position. We are looking for a person well versed in state and local environmental regulations affecting North Slope petroleum operations. Knowledge of federal MMS regulations is highly desirable. Excellent oral and written communication skills are essential. Candidates should possess a degree in environmental science, life science, chemistry, civil engineering or petroleum engineering, and three years of experience in oil and gas permitting activities or equivalent training and experience.

Please send a detailed resume to:

PUBLIC NOTICE STATE OF ALASKA DEPARTMENT OF ENVIRONMENTAL CONSERVATION AND DIVISION OF GOVERNMENTAL COORDINATION

A request has been received by the Department of Environmental Conservation for a water quality certification pursuant to Section 401(a) of the Clean Water Act of 1977, PL 95-217 and by the Division of Governmental Coordination for a consistency determination pursuant to Section 307 of the Coastal Zone Management Act of 1972, PL 92-583.

APPLICANT:

ADOT/FF
2301 Pager Road
Fairbanks, Alaska 99701

PROPOSED ACTIVITY:

This project would consist of building a 150'x279' parking apron and widening 750' of the airport access road to 49' width to make a taxiway. Neither of the crushed aggregate pads would be paved. A 10'x40' gravel extension pad would also be added to the existing equipment storage building. All work would take place on airport property. Approximately 7,500 cubic yards of sand and gravel would be used to construct the proposed project. Less than 2 acres of tundra type wetland will be impacted by the project.

LOCATION OF ACTIVITY:

Savoonga Airport, City of Savoonga, St. Lawrence Island, Alaska; T21S, R61W, Kateel River Meridian.

The certification and the consistency determination are requested because the applicant has applied for a permit, identified as Bering Sea 56, NPACO NO. 071-QYD-4-850805 from the Alaska District, Corps of Engineers and a discharge may result from the proposed activity. The certificate is a statement of reasonable assurance that the Federally permitted activity will comply with the requirement of the Clean Water Act and with the Alaska Water Quality Standards. The consistency determination is a statement of assurance that the Federally permitted activity, which will affect the coastal zone, will be conducted in a manner consistent with the standards of the Alaska Coastal Management Program.

Any person who wants to present comments regarding consistency with the Alaska Water Quality

Standards and the other standards of the Alaska Coastal Management Program may do so by contacting the Department of Environmental Conservation, Region III, P.O. Box 1801, Fairbanks, Alaska 99701, telephone 452-1714, and the Division of Governmental Coordination, 675 7th Avenue, Fairbanks, Alaska 99701, telephone: 456-3084 by: January 31, 1986.

REQUEST FOR PROPOSALS STATE OF ALASKA DEPARTMENT OF TRANSPORTATION & PUBLIC FACILITIES CENTRAL REGION

REQUEST FOR PROPOSALS: Term Photogrammetric Mapping Agreement (1986)

The Department intends to enter into a Term Agreement with one or more qualified firms for the performance of aerial photography and photogrammetric mapping during a period from January 1 to December 31, 1986.

The work will consist of providing aerial photographs of specific project locations and the preparation of maps at various scales by photogrammetric means using ground control furnished by the State. Mapping shall comply to the applicable sections of the "Reference Guide Outline, Specifications for Aerial Surveys and Mapping by Photogrammetric Methods, 1988".

The Department shall not be liable for any cost incurred by any consultant in response to his request for proposals or for any proposal development costs by any consultant to which an agreement is awarded. Work, and payment for work, will be authorized only upon issue of a notice to proceed by the appropriate DOT&PF project manager.

Consultants will be evaluated according to standard departmental policy and procedures. Interviews may be conducted with top ranked consultants upon completion of the evaluation process.

An audit evaluation of consultants' business may also be conducted prior to negotiations for an agreement.

The Department hereby notifies all respondents that Disadvantaged and Women Business Enterprises will be afforded full opportunity, and are encouraged to submit proposals and will not be discriminated against on the grounds of race, color, national origin, or sex in consideration for this agreement.

The estimated cost of the proposed work is \$400,000, however, there is no guaranteed minimum amount established by the Department.

Any agreement resulting from this request for proposals will not be valid until approved by the Commissioner or his official designee.

The Evaluation Committee Chairman for the 1986 Term Photogrammetric Mapping Agreement is James J. Rhode, P.E., Chief, Technical Services, Central Region.

Proposal forms may be obtained, at no charge, from Michael Elliott, at Technical Services, DOT&PF, 4111 Aviation Dr., P.O. Box 198900, Anchorage, Alaska 99519-8900. Questions concerning this request should be directed to Michael Elliott at (907) 266-1580. Completed proposals must be received before 2:00 pm Alaska Time on February 3, 1986 in Technical Services, DOT&PF, P.O. Box 198900, Anchorage, Alaska 99519-8900.

The Department reserves the right to reject any and all proposals.
