

Forests bring state revenues

JUNEAU--Alaska will receive an estimated \$2,616,937 as the state's share of receipts from Tongass and Chugach National Forests in fiscal 1978.

Payment will be made about Dec. 1 and will be based on actual revenues collected during fiscal 1978 from timber sales payments recreation, minerals and other land use charges on national forests lands, the forest service said. The fiscal year runs from Oct. 1, 1977 through Sept. 30, 1978.
