

# *Native students learn drama, art by actress Lind*

Jane Lind, a well known Aleut actress, producer and director originally from Chignik, was recently the artist in residence at East High Elitnaurvik Within East Program.

Lind was working with students in drama, self expression, self awareness, mask making and speech. Nearly 150 students participated in her workshops.

This wasn't the first time Lind has worked with the East High Native students. A couple years ago she held similar workshops, and since then has observed noticeable improvements with students' self-projection and self-esteem.

On May 11, an awards banquet will be held for Elitnaurvik Within East Program from 6 p.m. until 9:30 p.m. in the East High cafeteria. During the banquet Native students will be recognized for academic as well as extra curricular activities.

The public is invited to attend the potluck style banquet. For further information contact Lucy Brown or Agnes Baptiste at 263-1236.
