$$18.75 \times 10 = 250.00$$

$$37.50 \times 10 = 500.00$$

$$75.00 \times 10 = 1,000.00$$

## Modern math—Savings Bond Style

If you bought ten \$25 U.S. Savings Bonds, you'd pay \$187.50 . . . and get back \$250 at maturity.

Whether you buy just one Bond—or a Bond every month on the Payroll Savings Plan—that \$4 for \$3 return is guaranteed by the U.S. Government.

And now, with the new 4.15% interest rate, E Bonds mature faster—in just 7 years! Your old Bonds will earn more, too. And they'll continue to grow for you, at the new interest rate, as long as you hold them. So now Savings Bonds are better to buy, and hold, than ever.

And buying Savings Bonds helps build your security another way, too—by helping build your country's security. Knowing you're doing your part to support our men in Vietnam is a star-spangled good feeling you can't measure with numbers.

Discover that feeling for yourself, today . . . while starting a solid financial foundation for your future. Ask about the convenient Payroll Savings Plan where you work—or buy Bonds regularly at your bank.

## Buy U.S. Savings Bonds

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.
