

Muskox drawing deadline for Nunivak draws near

JUNEAU—The June 30, 1977 deadline is drawing near for anyone who wishes to hunt muskoxen on Nunivak Island.

There are two types of hunt in Alaska for which special permits are required: permit registration hunts and permit drawing permits. Registration hunts are those for which permits are granted on a first come first served basis, while successful applicants for drawing hunts are chosen randomly by computer.

All permit hunts are described in a permit supplement which lists all relevant details and explains how each hunt

must be applied for.

Since the Nunivak Island muskox hunt is a drawing hunt, special application forms must be used. Both the forms and the permit hunt supplements are available at most hunting license vendors and at Fish and Game offices. A non-refundable permit application fee of \$5 is required for all drawing hunts except for the muskox hunt. The fee for the muskox hunt is \$10.
