**In 1970,
less than 1% of the people
who bought Chaparral
had to use their warranty.**

**Invest in
yourself.**

Less than 1%. That says a lot.
It says Chaparral snowmobiles
spend their time on the snow and
not in the shop.

And it says that about the only
thing Chaparral owners have to
replace is gas and oil.

It also tells you that Chaparral is
not made to become obsolete in a
year or so. No, when a Chaparral

is put together, it's put together to
stay. Year after year after year.
That's why Chaparral was able to
conquer a 12,500 foot peak in the
Rockies. And that's why we say
Chaparral can take anything you
can dish out. Anything.

Check the complete Chaparral
line soon. It's one tough machine.
