

# Artist in residence programs available

Applications for Alaska's Artists-in-Schools residency program in performing and visual arts for 1981-82 school year are now available. Application forms may be obtained by contacting Jocelyn Young at Arts Alaska, Inc., 430 W. 7th Ave. No. 2, Anchorage, Alaska, 99501 (907) 272-3428. The deadline for returning the application is May 4, 1981.

Professional artists working in performing arts such as theatre (teams of two are required for theatre residencies), dance, and music or in creative writing, folk arts, puppetry, and visual arts are encouraged to apply. Architects interested in an Environmental Design program are also being sought.

These artist's residencies in Alaska's schools are sponsored by the National Endowment for the Arts, the Alaska State Council on the Arts and the hosting schools. The residencies are 2-16 weeks in length and follow the National Endowment for the Arts Artists-in-Education's program guidelines. Contact Jocelyn Young at the above address for more information.
