

ANYBODY SICK HERE?—These four youngsters are enjoying the mild fall weather which still hovered in the Anchorage area last week (October 9-14). Only the Alaska Native Medical Center building in the background reminds, at least, in appearance, that the children are patients there. The Rotary Club of Spenard, adjacent to Anchorage, recently donated \$200 to the ANMC Auxiliary who

in turn bought the Jungle Jim climbing set shown here and some indoor play equipment. From left the children are: Joanna Nunooruk, daughter of Mr. and Mrs. Frank Nunooruk, Nome; Roberta Deigh, daughter of Mr. and Mrs. Robert Deigh, Egegik; Dorothy Jones, daughter of Mr. and Mrs. Wassilie Jones, Napaskiak; and the lone boy is Phillip Nunooruk, brother of Joanna.
