NOTICE OF UTILITY TARIFF FILING

The ALASKA PUBLIC UTILITIES COMMISSION hereby gives notice that UNITED UTILITIES, INC (United), a telephone utility, has filed a tariff revision (RA4-249) which is a proposal to make numerous changes, including increased charges, to its Schedule for Non-Recurring Charges. A summary of some of the proposed revisions is provided below.

Proposed Rate Schedule of Non-Recurring Charges

	Residential	Business
a. Service Order Charge	\$13.25	\$13.25
b. Premise Visit Charge	40.00	55.00
c. Central Office Access Line Connection Charge	17.00	17.00
d. Station Wiring Charge (per station)	33.00	50.00
e. Equipment Connection Charge (per station)	7.00	7.00
f. Special non-scheduled visits will be billed according to the applicable elements above plus the customer must pay actual airfare to and from his location.		

United also proposes numerous provisions explaining the conditions under which the non-recurring charges will be assessed. One of those conditions provides that in addition to the applicable above charges, additional off premise installations will also require that customers pay the actual costs for outside materials used and a labor rate of \$20.00 per hour. Another condition provides that in those villages where United is currently or subsequently establishing initial telephone service where none previously existed, a first time charge of \$50.00 in lieu of the above non-recurring charges will be assessed.

A summary of some of the present non-recurring charges is shown below:

Present Non-Recurring Charges

	Residential	Business
a. Initial Installation (service order, premise visit, C.O.E., wiring, jack-charge and equipment hook-up)	\$25.00	\$30.00

e. Reconnect Charge-same as d. above (no phone in-place)	20.00	25.00

If after investigation the Commission finds a rate or classification different from that proposed by United is reasonable, the Commission may approve a rate or classification which varies from that proposed.

Detailed information may be obtained from the utility whose address is 5400 "A" Street, Anchorage, Alaska 99503. The filing may be inspected at the Offices of the Alaska Public Utilities Commission, 420 "E" Street, Suite 100, Anchorage, Alaska 99501-1987.

Any interested person may file a statement of views favoring or opposing this tariff filing with the Alaska Public Utilities Commission on or before August 12, 1983. As required by the Alaska Administrative Code, any statement filed with the Commission should clearly affirm that the interested person has filed a true copy of the statement with United.

DATED at Anchorage, Alaska, this 14th day of July, 1983.
