THE GANG AT ALASKA AIRLINES

Alaska Airlines' schedules to Seattle are designed to make the best possible connections with major trunk airlines to all points throughout the nation. Our Jets arrive in Seattle at 5:45 a.m., 4:25 p.m., and 11:55 p.m., just before all the big departures. This means you spend less of your valuable time cooling your heels in some air terminal.

We challenge you to compare schedules to your Holiday

destination. Call us and we'll help you compare. We will quote you the lowest fare and most direct flight to the destination of your choice.

For details, see your Travel Agent or call Alaska Airlines: Reservations and Ticket Offices... Airport Way and Cushman Street—452-5151. Fairbanks International Airport—456-7733.

Happy Holidays!
