The purpose of this program is to stimulate and increase Indian entrepreneurship and employment through establishment, acquisition or expansion of profit-making Indian-owned economic enterprises which will contribute to the economy of a reservation.

Grants may only be made to applicants who are unable to meet their total financing needs from their own resources and by loans from other sources. A grant must be made in conjunction with other financing, but grant funds may not be used for refinancing or debt consolidation.

First priority consideration for grant funding will be given to economic enterprises located on a reservation, or on lands selected under provisions of the Alaska Native Claims Settlement Act that will:

1. Utilize Indian resources, both natural and human.
2. Create the highest ratio of Indian jobs to the total amount of dollars to be invested, including market value of materials and equipment contributed to the project.
3. Create the highest ratio of income to a tribe or its members in relation to the total amount of dollars to be invested, including market value of materials or equipment contributed to the project.
4. Generate the most non-Bureau financing.

Forms for making applications, grant information and technical assistance may be obtained from the agency credit officers or the Juneau Area Office, Branch of Credit, Phone 907-586-7185.
