**The Sizzler is a lot of
bull!**

Go ahead and stuff yourself. Nobody'll mind. In fact, they won't even be watching you. They'll be eating the Sizzler too. The Sizzler is a mouthwatering specialty that you can eat only at the Traveler's Inn. Here's what you get: a big, juicy steak; a salad with your choice of dressing; a baked potato; garlic bread, coffee and dessert. Once you've tried it... you'll join the Sizzler stampede again and again.
