

# — 1970 — DEADLINE FOR JUSTICE

This coming year will test the conscience of the Congress, the people of Alaska and all Americans.  
Our effort for a just settlement offers the United States and Alaska a priceless opportunity—and its last real chance—to do justice to the Alaskan Native, whose treatment in the past has reflected little glory on our Nation or State.  
But justice will not be won through our inaction. We have had to work hard to take our message to Congress. And this is only the beginning.  
All Native Alaskans and our non-Native friends can join in our political effort by making sure they are fully participating NOW before settlement in our state and Nation's future.

Know our issue. Study land claims. Let your voices be heard. And make sure that by the next election YOU HAVE REGISTERED TO VOTE. If you haven't registered ask your village council president for help.  
For our part by next spring we hope to have more information available on voting so that we can help you register.  
In the meantime, the more support you can give, the better we can do this job.  
And if you haven't yet joined the AFN do it now. Fill out the application below. If you have joined we can still use more support. We need your help.
