Bid submittal and contract execution are described in the Bid Documents.

Before a contract will be awarded for the work contemplated herein, the Owner will conduct such investigation as is necessary to determine the performance record and ability of the apparent low bidder to perform the size and type of work specified under the contract. Upon request, the Bidder shall submit such information as deemed necessary by the Owner to evaluate the Bidder's qualification.

Attention is called to the provision for equal

employment opportunities and Minority Business enterprises are encouraged to submit proposals.

There will be a mandatory pre-bid conference for all contractors submitting bids for this project at 9:00am (local time) on March 11th, 1986 at the Kodiak Island Borough Offices. All potential bidders are required to attend this conference.

Each bidder shall possess current State of Alaska Business and Contractor's Certificate of Registration and shall submit notarized copies of each with his bid proposal.

Each bid shall be accompanied by a Bid Bond, Cashier's Check or Certified Check made payable to the Kodiak Island Borough as indicated in the Contract Documents.

The three lowest bids may not be withdrawn for 90 days after the day of bid opening.

The Kodiak Island Borough reserves the right to waive irregularities and to reject any or all bids.

Submit Bids to:

Office of the Borough Mayor
Kodiak Island Borough
710 Mill Bay Road
Kodiak, Alaska 99615

Bids will be received until the time stated above at which time they will be publicly opened and read aloud. Bids received after the time stated above will be returned unopened. Bid envelopes must be clearly marked "Kodiak High School Asbestos Abatement/Systems Upgrade Project".

Jerome M. Selby
Borough Mayor

The State of Alaska and Department of Transportation and Public Facilities request proposals for a public relations consultant.

In conjunction with Department staff, develop and implement public relations program for the construction phase of the Anchorage International Airport Parking Structure, associated underground transportation lobby, and new highway approaches to the airport.

The construction of this project has the potential of causing major temporary disruptions to public access and parking at the domestic airline terminal. The public relations program should be designed to assist the construction management team in minimizing the impact of this construction on the public, the airlines, and associated airport businesses. The program should be an active ongoing effort with the capacity to respond quickly to public reaction and changes in construction

schedules and procedures.

Please contact Charlotte DiCostanzo (561-1148), 5600 B Street, Suite 101, for copies of proposal or questions.

NOTICE TO BIDDERS

BARROW BROWERVILLE ROADS ADDITION #3
CIP No. 07-151

Notice is hereby given that sealed proposals will be received by the North Slope Borough, at the office of the Director of Public Works. Bids will be received until 1:30 p.m. local time March 25, 1986, for construction of the Browerville Addition No. 3 Road Project. This project (including Additive Alternates) consists of the construction of 3.7 miles of roads within Browerville Addition No. 3 Subdivision on the east side of Browerville at Barrow, Alaska, as described more completely in the Contract Documents. Bids will then and there be opened and publicly read aloud at 2:00 p.m. Mailed proposals shall be addressed to the North Slope Borough, P.O. Box 69, Barrow, Alaska 99723. Proposals received after the time announced, which will be 1:30 p.m., unless otherwise specified, for the opening will not be considered.

The Contract Documents may be examined at the Borough's Public Works Office in Barrow, and at the following locations:

1 Arctic Slope Consulting Engineers 313 E

Street, Suite 2, Anchorage, Alaska 99501

2 North Slope Borough, Design and Construction Office 4300 B Street, Suite 501, Anchorage, Alaska 99503

Sets of the Contract Documents may be purchased at the Engineer's Office, Arctic Slope Consulting Engineers, 313 E Street, Suite 2, Anchorage, Alaska 99501, upon payment by check of Seventy-Five and no/100 Dollars (\$75.00) for each set requested. Checks shall be made payable to Arctic Slope Consulting Engineers. Purchase price will not be refunded.

All contractors wishing to bid on this project must be prequalified to do construction for the North Slope Borough. Those bidders who are not qualified and not on the borough's current bidder's list must complete and submit a "Prequalification of Construction Firm's Form" with their bid. This form is included in the Project Manual, Section 00040.

A pre-bid conference will be held at ASCE's Office at 3:00 p.m., local time on March 18, 1986. All potential bidders are required to attend this conference. No bid will be received from any bidder who does not attend such conference. Prior to admission to such pre-bid conference, any potential bidder will be required to furnish the certification, Section 00030.

Each proposal shall be accompanied by a certified or cashier's check payable to the order of the North Slope Borough for a sum not less than five percent (5%) of the Schedule IV, Bid amount of the proposal, or accompanied by a bid bond, in an amount not less than five percent (5%) of the Schedule IV, Bid amount of the proposal, of a corporate surety licensed to do business in the State of Alaska, conditioned that the bidder will pay the Borough, as liquidated damages, the amount specified in the bond, unless it enters into a contract in accordance with its proposal and furnishes the performance and payment bond with surety satisfactory to the Borough in an amount equal to one hundred percent (100%) of the accepted schedule amount and insurance certificate within ten (10) days from the date on which it is notified that it is the successful bidder. If the bidder fails to enter into the contract and furnish the performance payment bond and insurance certificate within ten (10) days from the date on which it is notified that it is the successful bidder, its check (or bid bond) and the amount thereof shall be forfeited to the Borough.

The Borough reserves the right to reject any or all proposals and to waive irregularities or informalities in any of the proposals. Bids may be awarded in accordance with the Borough's preference policy, a copy of which is available upon request. Each proposal shall be submitted only on the prescribed proposal forms included with the contract documents. The awarded contract will be subject to obtaining of various required permits.

NOTICE OF FINAL DECISION AND FINDING UNDER AS 38.05.035(e) REGARDING PROPOSED GEOTHERMAL LEASE SALE 2 Mt. Spurr

The Department of Natural Resources, Division of Oil and Gas (DO&G), gives formal notice under AS 38.05.945(a)(3) of its intention to make a final decision under AS 38.05.035(e) regarding the sale of geothermal leases in proposed Competitive Geothermal Lease Sale 2 (Mt. Spurr). Before the sale may be held, the Director of the Division of Oil and Gas must make a written final decision that the sale best serves the interests of the state. This decision will set out the facts and applicable law upon which the director bases her determination that the sale of Geothermal leases in this proposed sale will or will not best serve the interests of the state. This final decision is expected to be available to the public in March 1986.

A preliminary analysis of the potential effects of this proposed geothermal sale and the means by which they may be mitigated is available at DO&G, 3601 C Street, Suite 1396, Anchorage, Alaska. Copies of the analysis may be obtained by writing to DO&G at P.O. Box 7034, Anchorage, Alaska 99510-7034. The public is invited to comment on any aspect of the sale including any proposed term or condition. Comments should be mailed to DO&G, P.O. Box 7034, Anchorage, Alaska 99510-7034, Attention: Bill Siedler. Comments must be received at DO&G by March 18, 1986 in order to be considered in the final decision of whether or not to hold this sale. A preliminary tract map of the area also is available at the above DO&G address. Effective January 1, 1986 there will be a \$50.00 charge for each set of tract, maps.

The sale area has been determined to be outside of the Alaska Coastal Zone and therefore this proposed offering will not require an ACMP consistency determination.

The proposed Mt. Spurr Geothermal Lease Sale includes two tracts with an area of approximately 2,640 acres. The sale area is on the west side of Cook Inlet, northwest of Trading Bay and approximately 40 miles west of Tyonek. The entire proposed sale area is within the Kenai Peninsula Borough.

The State of Alaska has been granted management authority over the land contained in this sale by the Bureau of Land Management through the tentative approval of the state's selection. The state expects to receive title to these tracts in the near future.

If a decision is made that the Mt. Spurr Geothermal Sale will best serve the interests of the state, potential bidders for geothermal leases must prequalify prior to the sale date by submitting to the Division of Oil and Gas a statement of qualifications as required by 11 AAC 82.200 and 11 AAC 82.205.

If a decision is made that the proposed sale best serves the interests of the state, an "Information to Bidders" packet will be sent to all persons on the DO&G geothermal mailing list in March 1986. If a decision is made to hold the sale, it is tentatively scheduled to occur at the Hilton Hotel in Anchorage on May 20, 1986 in conjunction with State Competitive Oil and Gas Lease Sale 49.

Additional information:

For further information concerning the sale contact Joe Joyner at (907) 561-2020. For information about the geologic potential of the area, contact Chris Nye at the Division of Geological Surveys in Fairbanks at (907) 474-7147.

TWO YEARS IN THE ARMY COULD GET YOUR CAREER ROLLING

Today's job market is a real jungle. Everyone wants experience, but no one's willing to give it. The Army's different.

Consider this: if you invest just two years in the Army, you could come out with valuable experience in a skill of your choice.

The Army has a wealth of two-year skills to choose from. Skills in Armor, Engineering, Communications, and more. Many of these skills have civilian job applications. So you won't go into the interview empty-handed.

Don't stall. Take off in a new direction with a two-year enlistment. Call your local Army Recruiter for details.
