The star-spangled street where you live

You can't always see the stars and stripes on the homes and apartments in your neighborhood, but they're there just the same.

A big percentage of American families own U.S. Savings Bonds. Many of these star-spangled families have been buying Bonds since they were first issued 25 years ago.

Altogether, Uncle Sam has sold \$150 billion in E and H Bonds. About \$100 billion of these have been cashed in for college, retirement, new furniture, emergencies, and down payments for those homes.

Americans still own a nest egg of nearly \$50 billion in Bonds for tomorrow's needs. And as the nest egg grows, Uncle Sam uses the dollars to help sup-

port our fighting men in Vietnam—and help keep our economy strong.

You can help make Uncle Sam's future, and your own, more secure by joining this star-spangled savings plan. Why not start now? Sign up for Payroll Savings where you work, or buy Bonds regularly at your bank.
