## What Will the Study of a Petrochemical Industry Mean to Alaskans?

Find out the answer to this and other questions you may have about the Dow-Shell Group's petrochemical Feasibility Study by reading the Study Group's brochure.

Between now and September, we are making careful studies of the economic feasibility and the environmental compatibility of a petrochemical industry in Alaska. We are seeking Alaskans' opinions and ideas about our Study.

We hope you'll take advantage of this offer to read about the Study and the nine companies that make up The Dow-Shell Group. We're very proud of our collective expertise, and environmental and safety records.

If you have a group which would like to know more about the Study, contact us for a speaker to appear at one of your meetings. Call the Dow-Shell Speakers Bureau at 276-7721.

Call or Write for a copy of The Dow-Shell Group Brochure
