Mrs. Rosita Faith Quinto Rodriguez of 1023 W. 9th St., Juneau, Alaska 99801, has been chosen to represent Alaska, as one of 50 throughout the United States, Outstanding Young Women of America.

Rosita Rodriguez is active in Alaska Native Brotherhood and its auxiliary, the Alaska Native Sisterhood. Both organizations are centered in the southeastern Alaska area.

Mrs. Rodriguez is also active on political matters as well as special programs involving Tlingit and Haida, and other Indians, in her area.

Outstanding Young Women of America is a program designed to recognize the abilities of young women between the ages of 21 and 35 throughout the

country.

This annual program recognizes those young women who unselfishly contribute to the betterment of their communities, professions, and country.

Each year over 5,000 young women are nominated as outstanding candidates by leading women's organizations and college alumnae associations across the country.

From among the young women included, 50 are selected each year (one from each state) for their state's Outstanding Young Woman of the Year Award.

Outstanding Young Women of America was conceived by the leaders of the nation's women's clubs. They felt that young women who give their time for

community projects should be recognized. The recognition of these outstanding young women can serve to inspire others to give their time to additional civic responsibilities.

Guidelines for selection include unselfish service to others, charitable activities, community service, professional excellence, business advancement and civic and professional recognition.

The 50 selected young women's complete biographical sketches are featured in the annual compilation, Outstanding Young Women of America.

Three Alaskans Participate in White House Foods Conference

At least three Alaskans are participating in the White House Conference on Foods, Nutrition, and Health in Washington, D.C., December 2-4:

Emil Notti, President, Alaska Federation of Natives; Sadie Neakok, Magistrate, Barrow; and Lloyd Sutton, Chairman Health and Welfare Committee, AFN.

Notti and Mrs. Neakok are members of a panel for establishing guidelines for Groups for Whom the Federal Government Has Special Responsibilities. This is one of 25 panels and 9 task forces. These groups have prepared tentative recommendations which will be the basis of the working Conference.

Sutton is one of those who will attend the Conference. He along with approximately 2000 others will learn more about the tentative recommendations of the various panels and task forces and will react to them.

The 25 panels are dealing with many aspects of foods and nutrition in this country. The 9 task forces are dealing with voluntary action by a wide variety of groups to improve nutrition of our citizens. One of these task forces is made up of Health Organizations.

The final recommendations of the Conference will be submitted to President Nixon by Dr. Jean Mayer, Special Consultant to the President to organize and direct the Conference. President Nixon has said:

"I have asked the Conference to prepare specific goals for private industry, for government policy and for much-needed research. These goals and the conclusions reached will not be neatly bound and placed on a library shelf to be forgotten. They will
