

Governor Mails \$20,000 To Aid Unalaska

JUNEAU—Governor William A. Egan today mailed a check for \$20,000 in state disaster funds to the City of Unalaska to help pay for recovery from damages which Unalaska suffered during a severe windstorm on November 6-7.

Of the amount, \$10,000 is for debris removal and general clean-up work, and \$10,000 is for repairing and replacing damaged power lines.

"I am pleased that the state is able to assist the City of Unalaska to this extent in its recovery effort," Governor Egan said.
