Every Body Benefits

The Chevron Alaska Health Fair goes a long way in promoting better health, and health awareness for all Alaskans — from Ketchikan to Kotzebue, Eek to Fairbanks and 30 other locations throughout Alaska.

Each Chevron Health Fair consists of learning centers and exhibits covering a wide range of health concerns. Free health screenings measuring height, weight, blood pressure, anemia, etc., are performed by profes-

sionally trained volunteers. The results, held in strict confidence, promote self health responsibility, determine potential health problems, and motivate participants to translate knowledge into action.

Chevron U.S.A. takes great pride in sponsoring such events.

Through continued encouragement, education and promotion,

Alaskans live longer,
healthier lives.

Every Body Benefits.
