

# Fire not so bad, it could have been worse

Our *Tundra Times* unofficial diplomat and parliamentarian, Andrew Ebona of Juneau lost everything in a recent fire. Always a gentleman, a knowledgeable collector, our former Board member and who sits on the current Policy Committee lost his personal possessions and priceless Alaskan and Native books and art. We are grateful he was not at home but at another meeting. Persons and organizations wishing to assist and contact Andrew can write to him c/o the *Tundra Times*. We will forward his messages.
