

Stevens on Hydaburg Canneries

Ted Stevens, Republican candidate for the United States Senate spoke before the Lions Club meeting in Juneau this week.

The subject of his talk was the Hydaburg canneries operated by and for the natives under

the control of the Bureau of Indian Affairs.

Stevens stated that due to bad fish runs, past loans to the federal government were unable to be repaid and thus the canneries have been inoperative for

the past four years.

Stevens said the inability of the natives to receive some aid to assist them in repaying these loans should serve as an example for review of government financing for redevelopment.
