NOTICE OF UTILITY TARIFF FILING

The ALASKA PUBLIC UTILITIES COMMISSION hereby gives notice that the ALASKA EXCHANGE CARRIERS ASSOCIATION, INC. (AECA) has filed tariff revision (TA14-999) to its rules concerning customer obligations for jurisdictional report requirements. According to AECA these rules are being revised "to reflect stricter reporting requirements for Percent State Usage by interexchange carriers to LECs (Local Exchange Companies)."

The jurisdictional report requirements section of AECA's tariff provides that in cases where the telephone company cannot determine the jurisdiction of customer traffic the customer may be required to provide an estimate of its traffic, split between the interstate and intrastate jurisdictions.

AECA proposes the following revisions to the jurisdictional report requirements for customers:

● Currently, AECA requires that each customer update its intrastate access minutes report monthly. AECA proposes to require that each customer provide updates to the intrastate (percent usage) and interstate (percent usage) jurisdictional report on a quarterly basis by service and by NXX.

● AECA proposes to add requirements regarding explanation and preparation of jurisdictional reports. One requirement is that the calculated percent state usage be based on the call detail records the customer uses to bill its own customers.

● Currently, if no monthly report has ever been filed, the Telephone Company will assume that the access minutes are 70% intrastate.

AECA proposes that if a customer has not filed two consecutive quarterly reports, AECA may implement the following remedial actions:

(1) AECA shall estimate what the correct percent state usage should be based upon available billing data.

(2) AECA shall retain an accounting firm to review the records of the customer to the extent necessary to determine a proper report. Expenses incurred by AECA necessary to implement Step 2 will be billed to the customer.

(3) AECA will report to the Alaska Public Utilities Commission any remedial action required.

● AECA proposes to add specific procedures and conditions for verifying a filed report, if the Telephone Company, AECA, or the APUC disputes it.

● AECA proposes to add definitions of the terms "intrastate" and "interstate" communication for purposes of determining percent state usage.

If after investigation the Commission finds a rate or classification different from that proposed by AECA is reasonable, the Commission may approve a rate or classification which varies from that proposed.

Detailed information may be obtained from AECA whose address is 3380 C Street, Suite 201, Anchorage, Alaska 99503. The filing may be inspected at the offices of the Alaska Public Utilities Commission, 1016 West Sixth Avenue, Suite 400, Anchorage, Alaska 99501.

Any interested person may file a statement of views favoring or opposing this tariff filing with the Alaska Public Utilities Commission. If you are a person with a disability who may need a special accommodation, auxiliary aid, or service or alternative communication format in order to comment on the proposed tariff revision, please contact Pat Oldenburg at 263-2107 by 4:30 p.m., March 19, 1993, to make any necessary arrangements.

To assure Commission consideration of comments or petitions prior to a final decision on this matter, those comments or petitions must be filed by April 5, 1993. Any statement filed with the Commission should clearly affirm that the interested person has filed a true copy of the statement with AECA.

While comments will be considered by the Commission in determining the appropriate action to be taken, those comments will not serve to make the person a party to the proceeding. Any person wishing to become a party must file a petition to intervene in accordance with 3 AAC 48.110

of the Alaska Administrative Code.

DATED at Anchorage, Alaska, this 5th day of March, 1993.

ALASKA PUBLIC UTILITIES COMMISSION
Joseph G. Franco for
Robert A. Lohr
Executive Director

PUBLIC NOTICE

Incident: Fuel Spill
Location: Scammon Bay, Alaska
Date: August 28, 1992
Time: 8:30 a.m.

While pumping fuel through the community pipeline to the Alaska Village Electric Cooperative's tank farm in Scammon Bay, Alaska Village Electric Cooperative's records indicate that approximately 197 gallons of fuel leaked from the pipeline. The United States Coast Guard has designated Alaska Village Electric Cooperative, Inc. as one of the sources for this fuel spill. As such, Alaska Village Electric Cooperative, Inc. is a potentially responsible party. Individuals who have damages as a result of this spill may submit a claim in writing specifying the nature of the damages, amount of the damages resulting, and documentation substantiating the claim to Alaska Village Electric Cooperative, Inc. 4831 Eagle Street, Anchorage, Alaska 99503, Telephone (907) 561-1818; Monday through Friday from 7:30 a.m. until 4:30 p.m.

PUBLIC NOTICE

ALASKA DEPARTMENT OF ENVIRONMENTAL CONSERVATION
NORTHERN REGIONAL OFFICE
1001 NOBLE STREET, SUITE 350
FAIRBANKS, AK 99701-4980

ADEC has received an application, Oil Spill Contingency Plan, and supporting information as required by AS 46.04.030.

Applicant: Eskimos, Inc., P.O. Box 536, Barrow, Alaska 99723

Activity: The Wainwright Fuel Services Tank Farm is operated by Eskimos, Inc. The operations are conducted in the State of Alaska and involve supplying diesel and unleaded gasoline in Wainwright. To support their operations they operate bulk fuel storage tanks whose capacity exceeds

42,000 gallons. Facilities of this type are potential sources of large fuel spills. To prevent or minimize the possibility of a discharge and to ensure that the facility is capable of cleaning up a fuel spill should one occur, the facility is required to have an Oil Discharge Prevention and Contingency Plan.

Location of Operations: Wainwright, Alaska

Permit: CP 92-3-30

Comments regarding this application may be sent to ADEC, 1001 Noble Street, Suite 350, Fairbanks, 99701-4980, within 30 days of the publication of this notice. Any comment that would request the applicant to submit additional information should be received by the Department no later than the 18th day after the publication of this notice.
