

A SUCCESSFUL ALLIANCE

"Alliance Bank was there when we really needed them; when it was critical to our success and our ability to grow. You just don't forget something like that."

— Terry Gardiner
Silver Lining Seafoods

“We started Silver Lining Seafoods in 1981 when we saw the potential for a year-round fishery in Ketchikan. But the banks here just weren't interested in our ideas.

One day Dick Axelson from Alliance Bank came knocking on our door and told us that Alliance was opening a new branch here. Dick and the other people at the bank showed a real interest in Silver Lining and what we were trying to do. What impressed us most was that they did more than look over our tax returns, they came down and learned about our business. I think that was the missing ingredient with the other banks we had talked to.

Since we started doing business with Alliance Bank, we've grown an average of 35% per year and our employment has more than doubled."
