

Award honors Roger Lang

The Board of Directors of the Alaska Federation of Natives Inc. is seeking nominations for the "Roger Lang Youth Leadership Award."

The award, presented as part of the AFN President's Awards, was just started this year.

The purpose is to recognize the talents of young Natives, according to Janie Leask AFN president.

Lang, a former AFN president from 1975-76, died this year after a lengthy illness.

Individuals nominated for the award should be of high school or college age, but do not necessarily have to be attending college.

Those who want further information may contact AFN at 274-3611.
