

TT Suite at Anchorage Westward Hilton

The Tundra Times cordially invites AFN convention-goers to stop by our suite this week at the Alaska Federation of Natives Convention. Room 237 of the Anchorage Westward Hilton will

be the place to come for Tundra Times information, and to renew acquaintances (and subscriptions!) A video-tape interview with Tundra Times founder Howard Rock will be shown

several times daily. Copies of our latest edition as well as our special editions on d-2 lands and winter activities will also be available.

The Tundra Times will also

make available a limited edition print, suitable for framing, depicting a portrait of the late Howard Rock against a background illustrating Native lifestyles. The print, prepared by

Staff Artist Stoney Compton, commemorates the 15th Anniversary of the statewide Native newspaper.
