**In 1970,  
less than 1% of the people  
who bought Chaparral  
had to use their warranty.**

Less than 1%. That says a lot.  
It says Chaparral snowmobiles  
spend their time on the snow and  
not in the shop.

And it says that about the only  
thing Chaparral owners have to  
replace is gas and oil.

It also tells you that Chaparral is  
not made to become obsolete in a  
year or so. No, when a Chaparral

is put together, it's put together to  
stay. Year after year after year.  
That's why Chaparral was able to  
conquer a 12,500 foot peak in the  
Rockies. And that's why we say  
Chaparral can take anything you  
can dish out. Anything.

Check the complete Chaparral  
line soon. It's one tough machine.  
(Less than 1%.)
