HUMAN CANNONBALL

Herbie Nayokpuk — the Shishmaref Cannonball — is a veteran of many punishing Iditarod races. Throughout Alaska, Herbie is known for both his long and successful mushing career, and his intricate ivory carvings. Herbie is also known for his iron determination — he ran in this year's Iditarod after undergoing triple bypass open-heart surgery in December. It's a pleasure for Atlantic Richfield Company to have once again sponsored Herbie in the Iditarod.
