Decision of
September 29, 1980
Modified in Part
AA-8103-5

On September 29, 1980, a Decision to Issue Conveyance (DIC) was issued to Doyon, Limited and published in the FEDERAL REGISTER (45 F.R. 84741-84742, September 30, 1980).

The DIC of September 29, 1980, included those water bodies determined to be navigable as recommended in the Alaska State Director (SD) BLM memorandum dated April 18, 1980, as amended by SD BLM memorandum dated August 29, 1980, concerning final easements and navigability determinations for certain lands in the vicinity of Anvik.

On May 3, 1983, a further amendment to the SD memorandum of April 18, 1980, was issued which contained an administrative redetermination of Paradise Creek, locally known as Lower Sandstrom Creek, in Sec. 36, T. 28 N., R. 80 W., Seward Meridian, Alaska.

Paradise Creek is identified on the attached navigability map, the original of which will be found in easement case file AA-10630-5.

The DIC of September 29, 1980, approved for conveyance the surface and subsurface estates of the bed of Paradise Creek to Doyon, Limited. As Paradise Creek is now considered to be navigable, the submerged land beneath it is not public land and is not available for conveyance to the Native corporation under the Alaska Native Claims Settlement Act of December 18, 1971 (43 CFR 2650.0-5(g)).

Therefore, the DIC of September 29, 1980, is hereby modified to exclude the submerged lands beneath Paradise Creek from the approval for conveyance to Doyon, Limited. Approximately 23 acres will not be charged toward the regional corporation's entitlement.

In accordance with Departmental regulation 43 CFR 2650.7(d), notice of this decision is being published once in the FEDERAL REGISTER and once a week, for four (4) consecutive weeks, in the TUNDRA TIMES.

Except as modified by this decision, the decision of September 29, 1980, stands as written.
