the extension will improve their harvest without endangering the fox population.

NOW THEREFORE, the season on red fox in Units 22 is hereby extended from January 31 to February 28. The foregoing amends Section 302.03(c) of the 1965-66 game regulations by extending the season on red fox. Any person who shall participate in this special season contrary to provisions as herein defined shall be in violation of Chapter 94, Session Laws of Alaska, 1959, as amended, relating to Fish and Game resources.
