

I want to personally
invite you to
a special
**PROPHECY
BANQUET**
Salem Kirban

I will be introducing my new full color motion picture film...
JERUSALEM - PINNACLE OF PROPHECY...plus bring
an illustrated message on PROPHECY.

**Hear this New Message
THE RISE OF ANTICHRIST!**

I will be making predictions on

- How America will go pleasure crazy
- When this lust for pleasure will bring tragedy
- Why the firing pin is already set on Israel
- Why world governments will focus on Jerusalem
- How and when government will control your mind
- How government will control your life pattern
- Food and why you will witness poverty in your lifetime
- When a world church will emerge
- When the Un-United States will join Europe
- The most powerful man on earth. Who is he?
- Is Antichrist alive? How can he be identified?

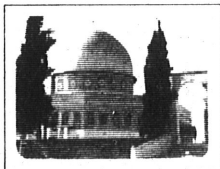

What will your life be like in 1980? How the business of
cosmetics has fooled millions of women...and how men
and women will be fooled with promises of peace!

In my private research of today's current events I am shocked
at how quickly events relating to God's prophecy are being
fulfilled even within the last few months. And I want to share
this with you at this PROPHECY BANQUET!

JERUSALEM - PINNACLE OF PROPHECY

Personally filmed by Salem Kirban

This current *full color* motion
picture shows Jerusalem as
it is today in all its splendour
...the sites precious to
Scripture plus a prophetic
insight into Jerusalem's
future that will eventually
make this city a pinnacle
of prophecy

Among other scenes you will see are the tortuous path that
Christ walked up to Golgotha, the agonized praying at the
Wailing Wall, the irony of Golgotha today, the scene that
spells a soon coming war, a possible area where the Two
Witnesses may be slain.
