

THANK YOU, THANK YOU, THANK YOU.

Senators Stevens and Murkowski and Congressman Young.

The members of our delegation deserve the thanks of all Alaskans for their efforts. Each worked hard to insure that Outer Continental Shelf lease sale #92 would stay on schedule. It's set for this December.

Lease sale 92 will ultimately result in job opportunities for many Alaskans. The state's economy will benefit. And if exploratory activities are successful, every American will owe Ted Stevens, Frank Murkowski and Don Young a tip of the hat.

Finally, we'd like to thank the hundreds of Alaskans including key members of the legislature who supported the lease sale and made their feelings known.

We're the Alaska Support Industry Alliance. We'll keep on working for responsible resource development. Because what affects oil and gas in Alaska — affects us all.
