

Graduates get free tickets

MarkAir is again honoring graduating high school seniors statewide with a gift of one roundtrip ticket anywhere the airline flies.

For the second year in a row all 55 school districts statewide, as well as the private schools, are participating

in the gift program. About 5,500 certificates are being distributed statewide to 1987 high school graduates.

Graduates this year will have a full year to use their gift between any of the 11 Alaska communities served by MarkAir.
