

Positions available

Alaska parks division wants YOU

The Alaska Division of Parks and Outdoor Recreation is looking for volunteers to spend six to eight weeks this summer working in Alaska state parks.

A daily food allowance, field housing and travel costs within Alaska will be covered by the division, if necessary. Those selected for these positions will be housed in field hous-

ing, generally cabins or tent facilities.

Positions are still available in Denali State Park, Independence Mine Historical Park, Kepler-Bradley Recreational Area and in Kodiak. Most positions involve visitor information and assistance, park maintenance, cabin and trail construction, wildlife research or other park duties.
