

ANAKTUVUK'S FASTEST PLAYER

Anaktuvuk Pass, Alaska
Feb. 6, 1968

Will you put this in your
Tundra Times.

Many slowpokes have been
trying to do their best but
some people are always going
too fast such as me.

Amos Morry, the slowpoke,
been skunked for quite a
while, just as a turtle he has
been going the wrong way. He
is always is very slow as
usual when we play cards.

Also Raymond Paneak, the
slowpoke partner of Amos
Morry, who is the man when
he can move he is always

saying he can't see very
well. Everytime when we
play those two slowpokes, as
Raymond and Amos are
always trying to get an reason
like he can see the cards
very well and Amos is getting
very high cards like king,
queen or when they are all
red cards, well I'd better not
talk about those two slow-
pokes cause they might get
jealous about my writing.

Truly yours,
Allan Paneak
as known as Lightning Bug—
the Fastest
