Yukon-Kuskokwim Get Extension for For Salmon Fishing

Due to flooding conditions on the lower Yukon and Kuskokwim river systems, a six-day extension for the registration of commercial salmon net gear and vessels in the Yukon and Kuskokwim districts has been announced by the Department of Fish and Game.

Commercial salmon fisherman in the Yukon and Kuskokwim districts now must register their gear and vessels no later than June 7, said Ron Regnart, regional commercial fisheries supervisor.

The deadline printed in the 1972 commercial fishing regulations was set for June 1. There is no registration deadline for the Norton Sound and Kotzebue districts, Regnart said.

Five Million Stamps, Coupons For Fire Truck

WASHINGTON, D.C. — Congressman Nick Begich received word this afternoon from Mrs. Deane Goodwin that the community of Delta Junction has surpassed its goal of 5 million stamps and coupons for the purchase of a fire truck through an agreement with the General Mills Corporation. The agreement was to expire July 1, 1972.

The latest stamp totals equaled approximately 5,450,000 in addition to \$3,400 in a trust fund.

"The response of the people in Alaska and of the citizens in my colleagues' districts has been heartwarming. It is especially gratifying to see people from many parts of the United States working together to help the community of Delta Junction to obtain their desperately needed fire truck."

"Deane Goodwin has done an exceptional job as Chairman of this drive and deserves high praise for her efforts."
