

Governor Proclaims March 16 as Boys' Club Week in the State

JUNEAU—Governor Keith H. Miller has proclaimed the week of March 16 as Boys' Club Week in Alaska.

The Boys' Clubs of America was chartered by Congress to promote the social, educational, vocational, health and character development of boys.

In 1969 the Boys' Club of Alaska, Inc., affiliated with the national organization. At the

present time, there is a chapter of the Club in Anchorage.

Governor Miller's proclamation recognizes the need for the program of the Boys' Club of America in other communities in Alaska.

He commends the organization as "one of the best means to prepare our boys of Alaska's second century to realize the promise of the first."

Miller Seeks Funds to Replace Burned Metlakatla School

JUNEAU—Governor Keith H. Miller requested an immediate report from the Department of Education and the Division of Buildings on the fire which destroyed the Metlakatla High School.

He called for information regarding the immediate use of temporary quarters for the 100 students, preparation for repairs to the adjacent elementary school which was smoke damaged, and recommendations for emergency funding for construction of a replacement for the seven room high school.

Dr. Clifford R. Hartman, Commissioner of Education, received the report of the 2 a.m. fire from Charles King, superintendent of the State-Operated school at Metlakatla.

It is expected that temporary quarters for the students will be in operation within ten days. The possibility of using relocatable classrooms from other parts of the State are being explored.

John Benson of the Division of Buildings, Department of Public Works, was in Metlakatla last weekend to expedite plans for immediate action.

What makes a bank progressive?

1916 We started in a little one-room bank. We only had two things going for us: a sincere desire to provide up-to-date financial services and a desire to help the community grow. Now, in **1970**, we're Alaska's Number One bank with 24 branches all over the State. Assets are in

excess of \$178,000,000. Located in our Anchorage office, the Alaska Heritage Library houses an extensive collection of Alaskan art and artifacts. Old prospectors' maps, Gold Rush newspapers and other Alaska art treasures reflect the history of our State and the National Bank of Alaska's interest in it. Alaskan industry is booming. The Lumber industry increased its yield some 35,000,000 board-feet over the record high established in 1968. New harvest possibilities opened up in the fish industry, and drilling on the Arctic North Slope revealed tremendous new oil fields.

NBA is a financial partner to a lot of it. Alaskan exports to Japan  totalled over \$65,000,000 last year. In fact, international trade in general is sky-rocketing. And NBA is solving attendant

problems in its International Banking Department,  newly created last year to assist importers and exporters. All these things make a Bank progressive. Statewide Service — State-size Strength. Write for your copy of NBA's Annual Report, "1969: The Year of Great Changes" — Special Services Dept., Box 600, Anchorage, Alaska 99501.

A spokesman said that Governor Miller is anxious to insure the continued operation of the school and would introduce priority legislation if necessary. No one was injured in the early morning fire, the cause of which is still under investigation.
