

# 14-Year-Old Youths Burglarize Construction Site

Alaska State Troopers released three 14-year-old youths to the custody of their parents after they were arrested for burglarizing a construction site,

and over thirty boats in a marina near Juneau last week a Department of Public Safety spokesman said.

Primary spoils for the mini-burglars were food and liquor, which they took with them and stored in a "fort" they had constructed in the forest near Glacier Highway.

Other articles stolen included a tape recorder and hatchet "and other things from Dad's job" as one boy said. Items taken later from the boats included an assortment of knives, gas cans, wine, whisky, beer, a fishing reel and someone's lunch.

Troopers checked out a lead provided by a person who saw the offenders and arrested the three youths, who admitted

their guilt.

The cases were referred to the Division of Corrections for action.

We're  
taking  
kids to  
the moon.

Through the Screen News Digest, an educational film series which Atlantic Richfield provides to our state's high schools, Alaskan students travel to the moon, China and the Berlin Wall. They see a wider world, and the things that have impact on all our lives. Why does Atlantic Richfield Company sponsor this film series? Well, it won't sell oil, but we think the people who are going to change our world should know something about it. We're proud of Alaska's youngsters. They are people who will one day shape a better world for us all.
