others;  
(2) The passage of P.L. 93-638, the Indian Self-Determination and Education Assistance Act, provides the authority to contract for much of the activity of the Bureau of Indian Affairs and the Indian Health Service. The implementation of that act will require adequate numbers of trained

personnel in the areas of teaching, accounting, administration, maintenance, building construction, bonding, negotiations, and many others.  
(3) The passage of Senate Bill 35 decentralizes the Alaska State Operated Schools and creates regional education attendance areas with real policy making and elected boards. The imple-

mentation of the act will require adequate number; of trained personnel in the areas of teaching, accounting, administration, maintenance, building construction, bonding, negotiations, and many others.

(4) The construction of the trans-Alaska pipeline and soon the gas pipeline. Outer Conti-

mental Shelf activity is just beginning and I suspect that OCS activity will be ferocious in the next several years. Construction such as these and the operation of those huge projects will require more trained personnel than we now have.

We don't have adequate numbers of trained and educated personnel within the state to implement all those required activities and the result is our present trained and educated personnel are taxed to the breaking point.

A responsive and well-funded Rural Educational Affairs program within the University of Alaska would insure that those needs are adequately addressed. If they are, then the whole state and nation will realize the benefits of the development of our

human resources.  
Already, they have experienced the leadership and abilities of such people as Morris Thompson, Roger Lang, John Sackett, Mike Harper, Jim Edenso, Willie Hensely, and many, many others.  
As a statewide Native organization, we have advocated those changes and have been reasonably successful. This advocacy to change unresponsive systems will continue to be a high priority item.  
There are a number of other changes and problems in Alaska education that will be brought to your attention throughout the day. I am sure that you will have a complete picture by the time you leave Alaska.  
I thank you and appreciate you taking the time to travel to this vast and great state.

complete the requirements for a secondary degree and to enroll and complete the requirements for post-secondary education and training.  
Bill Wood is the coordinator for the Anchorage/Fairbanks Culmination Session.  
Both components will concentrate on the areas of: Interpersonal and Group Communication, Career Education, Urban

Survival, Career/Vocational Exploration, College Orientation, Financial Aids, and College Registration Procedures; also included will be social and recreational activities that enhance the group dynamics and lead to more intrapersonal growth.  
Students that will be participating represent all four Upward Bound programs and are

from over 25 towns and villages throughout the state. The students that were selected to attend are:

Sheldon Jackson College, Sitka: Pat Clark, Linda Eggar, Kathy Eningewuk, LaVern Frank, Marilyn Gallahorn, Guy Mercuriel, Kathy Murphy, Jim Samato, Nekifer Smithmyer and Donna Wilson.
