

# How do you get to the world from Fairbanks?

Call your travel agent and ask him or her to put you on Pan Am.

From Fairbanks, we can fly you non-stop to Seattle. Every day of the week. And, by making a simple connection, you can fly with us to Europe, the South Pacific, Australia, and the Orient.

Or take our weekly non-stop to New York, where you can make convenient connections with us to Latin America, Europe, and the Middle East.

Since we're America's airline to the world,

it's only natural we can provide this kind of international service. It's also only natural that we'd like to expand our Fairbanks service. And we have.

With the only 747 to Seattle. Non-stop. Every day of the week.

Which makes getting to the world from Fairbanks a little quicker. And a lot more comfortable.

 **PAN AM**  
America's airline to the world.
