

# **THE UNIVERSITY OF ALASKA . . . A STATEWIDE SYSTEM OF HIGHER EDUCATION FOR ALASKANS EVERYWHERE.**

Try any one of its seven community colleges. Enroll on its parent campus at Fairbanks. Attend its regional centers at Anchorage and Juneau. Or take advantage of extension and correspondence courses for college credit in cities and villages all over Alaska.

Whatever your reasons for attending - self improvement, vocational-technical training, an associate degree, or an advanced degree - it makes a lot of sense !

**Keep it strong and growing.
